Mighty Oak Roasters Is Now Open

In Astoria, New York, A new coffee shop is open and ready for *new* customers. It all started three years ago when two men had a dream. The dream to build a coffee shop and serve people the freshest coffee. Knowing that hiring a company and contractors to come build this building would cost millions of dollars over their budget. They made the hard decision to build it by hand. Through the process was hard, in the midst of a global pandemic the store was completed.

Now that the restaurant is open it has a large variety of drink and food choices. The drink menu consists of iced coffees, lattes, hot coffee, iced lattes, and more! The food menu is made up of local bakery items to promote small businesses. Consisting of muffins, croissants, bagels, etc. The store is open from 5:30am-4pm. This new coffee shop is a must have in your week to week life. Everyone needs coffee and this place is the perfect place to go
